## MY PROFILE

I'm a passionate Computer Science Undergraduate at IIT, affiliated with the University of Westminster. My interests lie in full-stack development with a strong focus on front-end development. I look forward to enrich applications with efficiency and user-friendly experience. As a second year student, I am looking for an internship or similar position to grow my knowledge and be a valuable asset to the industry.

## EXPERIENCE

Sept 2024 - Dec 2024

Sales Intern

Sampath Bank PLC  
Kandy Super Branch

Gained hands-on experience at where I focused on promoting the Sampath Bank mobile application. This role sharpened my communication skills and deepened my understanding of digital banking solutions.

Obtained 7A passes and 2B passes

## TECHNICAL SKILLS

- |             |              |               |         |
|-------------|--------------|---------------|---------|
| • Java      | • JavaScript | • Spring Boot | • HTML5 |
| • React.Js  | • Node.Js    | • Python      | • CSS   |
| • Bootstrap | • SQL        |               |         |

## SOFT SKILLS

- |                |                 |            |
|----------------|-----------------|------------|
| • Adaptability | • Communication | • Teamwork |
| • Creativity   | • Leadership    |            |

# PROJECTS

**PredicTea | <https://www.predic-tea.com>**

2025

AI-powered web application

Collaborated in a team to develop an AI-powered web application to predict tea prices by analyzing historical data, weather conditions, and currency exchange rates. The system provides real-time insights to support decision-making in the tea industry.

- **Tech Stack:** MERN (MongoDB, Express.js, React, Node.js), Python with Flask, Tailwind CSS
- **Role:** Statistics Feature (Frontend & Backend)

**Portfolio | <https://sandyg77.github.io/Portfolio/index.html>**

2024

Personal Portfolio

Crafted a personal portfolio website to showcase my work and skills with a clean and professional design.

- **Tech Stack:** HTML, CSS
- **Role:** Frontend Development

**SafeHaven | [https://github.com/Sandyg77/Safe\\_Haven](https://github.com/Sandyg77/Safe_Haven)**

2025

Interactive Property Site

Designed a property listing platform with advanced filtering and search functionality, ensuring a seamless user experience with an intuitive and minimal design.

- **Tech Stack:** React, Bootstrap, CSS, HTML
- **Role:** Frontend Development

**Ticket-Wave | [https://github.com/Sandyg77/Ticket\\_Event\\_System\\_CLI](https://github.com/Sandyg77/Ticket_Event_System_CLI)**

2024

Real-Time Ticketing Application

Developed a real-time event ticketing system with live ticket updates and seamless data management using CRUD operations.

- **Tech Stack:** React, Bootstrap, PostgreSQL, Spring Boot, Java (CLI with multi-threading)
- **Role:** Full-Stack Development

**Vital Spark | <https://sandyg77.github.io/VitalSparks/>**

2024

A Website Promoting Good Health

Created a website promoting health and well-being with an engaging, modern interface to enhance user experience.

- **Tech Stack:** JavaScript, HTML, CSS
- **Role:** Frontend Development

# COMPETITIONS

**John Keells IT Pitchathon | 2025**

Shortlisted and attended the Pitchathon, presenting PredicTea an AI-powered tea price prediction platform.

**AlgoXplore Hackathon | 2024**

Participated in an algorithmic coding competition, solving challenges on HackerRank and optimizing solutions under time constraints.
